

Students returning to campus must abide by the general health and hygiene rules outlined in these guidelines. Everyone has a personal responsibility for their safety and others around them.

- Students are required to stay home if they have tested positive for COVID-19, even if they are asymptomatic, until such time as they are cleared. No student should come to campus if they are ill, or are experiencing symptoms of COVID-19 until released by a healthcare provider. If a person living in the same household has tested positive for COVID-19 or is sick with or experiencing COVID-19 symptoms, students **must not** come to campus;
- Students may be required to provide details of persons they have been in recent contact with, in the event of a positive COVID-19 case. This is to assist the University with contact tracing and tracking;
- Students arriving on campus must download EHTERAZ App. Only App displaying live green, with matching names and QIDs, will be allowed on the University premises;
- Face masks must be worn before being allowed into the University and must be worn at all times. Masks must be properly fitted, covering the nose and mouth and must not be worn, hanging under the chin. Students will be asked to adjust mask if not worn properly. Facemask are required to be worn in all indoor common spaces with other people present (e.g., classrooms, library, labs, common work areas or meeting rooms, recreational centre, sports and wellbeing);
- Temperature screening will be undertaken at the security gates before being allowed entry to the University premises. Temperatures of 38 degrees Celsius, and above, will not be allowed on the University premises;
- Parents or taxi drivers dropping off students will have their temperature screened and EHTERAZ App displaying live green at the gates entrance before being allowed on the University premises;
- Gates number **1** and **2**, are to be used for entry into the University. Gates number **1** and **4** are for exiting only. You may experience delays at the entrance gates due to screening procedures. Please ensure you plan your journey to the University with extra time in order to avoid being late
- Students who have been identified as being in the vulnerable groups should remain at home and continue with online learning, where special consideration are not practicable.
- Any student experiencing symptoms of COVID-19 while on campus should visit the University medical clinic for screening;

- Students are asked to stay in touch with their respective faculty in the event of being away from University due to any COVID-19 related issue. A medical certificate, may be requested.
- Students using University buses to transit from metro station to campus must maintain social distancing and only sit in designated seats;
- Social distancing of 1.5 meters must be maintained at all times while on the University premises;
- Avoid and reduce any personal interactions at building access points, avoid any overcrowding in offices, outside seating areas, hallways, stairs/elevators, restaurant, and café, break rooms;
- Students are advised to continue to observe and follow good hygiene practice, regularly washing of hands (recommended **20** seconds) and use of sanitizer on campus;
- Prayer rooms will have limited access, social distancing must be maintained, use of hand sanitizer before entering and after exiting rooms;

- Students should expect that meetings with University employees will occur virtually as much as possible. One of the available tools instead of face to face meeting is MS Teams. Call, email, as much as possible rather than face-to-face meetings;
- Students are advised to plan any meetings or gatherings with health measures in mind, including wearing of facemasks, maintaining physical distancing, abiding by capacity limits for the space, and encouraging hand washing or use of hand sanitizer;
- Each student is responsible for having a face mask when coming to campus. If a student comes to campus without a facemask, the student will be given a disposable mask;
- Students should engage in respiratory etiquette, including covering coughs and sneezes;
- Students should avoid sharing phones or other tools and equipment, when possible;
- Students should frequently clean their own personal space and belongings;
- Students should abide by local guidance on physical distancing, including directives related to the size of gatherings;
- Students may be asked to leave a facility or a classroom if they are not abiding by the university health and hygiene rules as outlined in this guide. Any student, who refuses to leave a facility or classroom may be referred for student disciplinary action for causing a disruption;
- Security staff will enforce all breaches of safety measures within the University campus;

Students should follow the guidelines of the symptoms of COVID-19, isolation and quarantine as per MOPH guidelines. <https://www.moph.gov.qa/english/Pages/default.aspx>. In all circumstances, students should communicate with their faculty and Student Affairs.

**Wear your mask and wear it correctly covering
Nose and Mouth to Stay healthy!**
